The Shounen Magic Bride

*Just cut
to pieces.*

*As I never
go back to
the earth,
or asphalt
stone.*

He's dead.

*He wasn't
even eaten.*

*Soon, that
will happen
to me, too.*

I'm scared!

魔法使いの嫁

The Phantom Mage Bride

Feels weird...

Like something is draining me...

Renfred?
Alice?

...Guh...

...Ugh.

It looks like a security breach. What a pain.

Mr. Straud?

I'm fine.

Amazing. It's siphoning off our magic.

Our magic?

Regardless of whether that magic was inside a person at the time...

This one transformed the magical power in the vicinity into energy and used it to achieve sudden growth.

Dragons... uh... dragons are just like magic. They can... uh... use the ambient magic in the air.

aga

That's quite far from normal, isn't it.

But more importantly.

The part of me that makes magic broke down a long time ago. I'm hardly different from a normal person.

We could subdue it with magecraft or wizardry, but indoors like this...

Dragons are living beings, but they aren't quite bound by the same rules that humans are.

A voice...?

I don't want to be here.

I'm scared. I'm so scared.

Where am I?

魔法使いの嫁

The Phantom Marriage Bride

I don't
know what's
going on.

Nothing
smells right.
It's scary.

I'm scared.

She's terrified.
So, so terrified.

...She wants
to go home.

We don't
traipse back
and forth across
the boundary
of humanity
like your ilk.

We're still
technically
human,
you know.

!
You can
hear the
dragon's
voice?!

Wizards
can't hear it,
then?

It's okay.
They're
not your
feelings.
You don't
have to
let them
take you.

...Okay.

That's
right

...Watch
out~

*It's like
one of
the worms
of old...*

*A blood-
chilling
sight.*

*It just
breathed
fire!*

*I thought
they lost
that ability
centuries
ago!*

*Did it pull
the ability
back through
its genetic
blueprints?!
It's devolving
to grow its
vestigial
organs!*

*At this rate
we'll end up
asphyxiating
to death long
before it
torches us...*

*She
wants
to go
home.*

*She still
has a home
left to
return to.*

*I can
still
take her
home.*

Elias.

*Tell me
how to
do this.*

Your selfishness
is never for
yourself, is it.

Remember,
this is why
we came here
in the first
place.

You
don't have
to beg,
Chise.

Thank
you.

First,
we have to
reach it.

I guess
we'll act
as bait?

Your bracelet
is restraining
your power
to a great
degree,

Magi can
absorb magical
power, just
like dragons.

I don't know
how much we'll
be able to do
without access
to our abilities,
but we'll try.

Otherwise it'll
destroy you.

Then I'll
pull it into
myself before
it can sink
into you.

but if you
wish it, you
can pull away
the dragon's
magical power
through
your touch.

c'mon,
you have to
be braver
than that, OR
master lindel
will be dis-
appointed!

but I
couldn't
stand by
and watch
this!

humans
like to hunt
selves so
I was just
hiding away.

**Meri-
tuuli!**

Just
now...

you've
been a
naughty
girl!

Calm down
so we can
go home
already!

I'm touch-
ing her...
or I guess,
I'm on her.

Now's my
chance...!

ah!

she's
increasing
her voice
with
power!

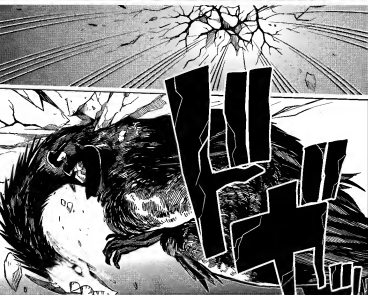

she's
trying to
bring down
the walls
and escape
to the
outside!

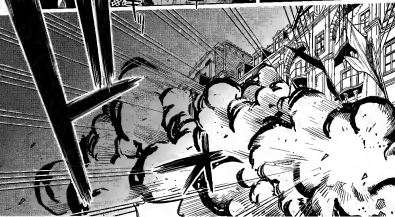

Right
here.

The base
of the neck
is a natural
central point
for magical
energy.

....!

Chi-se!

Chi-se!

Open
your
eyes!

Chi-
se!

Ruth!

think
before
you do
some-
thing
like
that!

you
need-
speak
little...

*We'll be
at the river
soon.*

you
don't
have to
chase
me.

...Ruth,

Get
the others
first and
then come
for me.

...It's
okay.

chise,
are you-

chise?

...You
fool.
